INTERESTS

Fitness

Keeping fit is a large factor of my lifestyle. You will often find me participating in the seasonal team sport and or spending time at my local gym. I have particular interests in Volleyball, Soccer and Powerlifting.

Technology

Technology has always been a focus in both my career and everyday interest. I have built my own small form factor PC and love to keep up to date on the latest Tech Topics. My favourite tech channel is Fireship!

Travel

Travelling with both friends and family is something I wish to do more of, with my most recent trip being to Japan!
